Vegetable Seeds of Quality

●

EACH YEAR, it is growing more apparent that the production of vegetables is *becoming highly specialized* and is fast getting into the hands of Truckers and Market gardeners whose livelihoods depend largely on the quality of their product, and who demand from their seedsman *True Types of Highest Merit*. We have anticipated this growing demand for *Select Strains of Carrot, Lettuce, Onion, Etc., Etc.*, and have for the past several years devoted a considerable acreage to *Selection and Breeding* work. We are offering in this list stocks *Carefully Bred, Critically Rogued, Cleaned and prepared with all possible care to prevent any mixtures*. We believe that there are no better stocks obtainable and that you may depend upon them to give satisfaction to your most critical trade. Seed of doubtful quality may be purchased cheaper, but why take chances?

Quality Will Pay in the Long Run

5. Except as herein otherwise expressly provided, the seller warrants to the extent of the purchase price that seeds sold are as described on the container within recognized tolerances. We give no other warranty, express or implied.

If the parties cannot agree on the amount of said increase that question shall be arbitrated as set out in Paragraph No. 8 of our contract conditions.

8. If the cost of producing, processing or merchandising the within mentioned seed is increased by seller's payment of sales taxes or by his compliance with Federal or State Laws or Regulations enacted or promulgated subsequent to the date of this contract such increase shall be paid by the purchaser to the seller; and if the parties cannot agree on the amount of said increase, that question shall be submitted to the Arbitration Committee of the American Seed Trade Association for arbitration and award, which award will be made forthwith by the purchaser.
